ə – schwa

l – dark l

Return

ə – schwa

- Tongue stays loose and central.
- Jaw barely open.
- Lips relaxed — no smile, no rounding.
- Very short and unstressed.

Return

l – dark l

- touching the tip of your tongue to the alveolar ridge (the bump behind your top front teeth),
- keeping the sides of the tongue lowered so air can flow around them,
- and voicing the sound.

I – Near-close near-front unrounded

Continue

I – Near-close near-front unrounded

- Tongue is high and forward, but not tense.
- Lips are slightly spread, never rounded.
- Jaw is only a little open.
- The sound is quick, not held.
